

“Clinton Michigan throws a party” It was cold outside but the music was loud and the tent was hot.

The Clinton Fall Festival has been around for 37 years and this year Willie Nash was invited to join the party.

When the songs were serious the fans were listening, and when the songs were rocking everyone was dancing. This had to be one of the louder crowds we have played to this year. Willie was able to catch up with another Nashville transplant from Detroit, fellow country superstar Sara Lenore did an awesome acoustic show to a very receptive crowd.

Special thanks to Jaimie and Kyra for running the merchandise booth. Your talents and assistance is very appreciated.
